

Art. 127 - Extortion:

= In that C. C. LOPEZ did on or about 6 April 1964 state that he would ~~kill~~ the Chiefs with kindness in order that he might receive lesser charges.

I agree that in general EXTORTION means gaining an advantage through threats of bodily harm, but here is a - person - taking advantage of a select group of well wishers, who have his best interests at heart.

Have a little drink from the pot - - - - .

Art. 115 - Malingering:

In that C. C. LOPEZ CTL-P2 did receive the mid-watch of this morning 16 July 1964 off from his division officer by stating to that gentleman that some Chief ordered him to appear in the operations spaces this morning at 0800.

Gentlemen:

Here we have a thing being paid his regular pay plus \$75.00 a month - for what? Certainly, I believe, not to be relieved of his duties in order that he might wander around town bar hopping til the sun comes up. And further more he didn't go through channels.

Do the Limbo and pay fine.
